Dear Sirs

Thank you for your letter.

We have already submitted a large number of documents with the determination form covering the detailed design and measurements of the new barn.

Point (1) in your letter has been addressed in Appendix 6

Point (2) in your letter has been addressed in Appendix 6

Point (3) in your letter has been addressed on Page 5 of the Introduction Letter.

Point (4) in your letter has been addressed on Page 2 of the Introduction Letter and at various other points within that letter. The plans in Appendix 3 clearly show this to be a new barn.

In terms of your list of required documents :

(1) "A site layout plan, based on an accurate survey of the site showing the exact location of the buildings with distance marked to boundaries of the site and site levels and finished floor levels with a common datum level." **We will arrange for a survey to be conducted.**

(2) "Detailed elevation plans with critical dimensions marked, including the height of the buildings at eaves and ridge line". This has already been submitted with the determination application in Appendix 3.

(3) "Detailed floor plans with critical dimensions marked". This has already been submitted with the determination application in Appendix 3.

(4) "Detailed x-sections of the buildings with critical dimensions marked". **We will arrange for this to be provided.**

For items (1) and (4) above, kindly advise when these documents must be submitted by. i.e. the deadline for submission.

Yours faithfully

Charles White
